To whom it may concern:

It is with great confidence that I recommend Dave Rehnberg to serve as an administrator within your school. Dave and I have worked together at Coastal Christian School for the past three and a half years. Dave served as the Head of School and I reported to him as one of the secondary teachers on staff. I also had the privilege of working closely with him on a number of projects including the moving of the school to its new location on Oak Park Blvd. and the developing technology integration program for the school.

I thoroughly enjoyed my time working with Dave and came to know him as a strong, compassionate leader who is deeply committed to Christian education. He is a man of integrity dependability and is incredibly hard-working. Dave has a deep understanding of the position of the Christian Education within the Church, and the broader culture and has always sought to see the Christian School serve as a beacon of truth and light.

Dave's knowledge of 21<sup>st</sup> century learning and his vision for technology integration in the classroom has been a key part of moving our school forward in current educational practices. He is an advocate for teachers and places a high value on providing teachers with the knowledge and skills needed to prepare students for their future lives and careers.

As part of the Academic Technology Team at CCS, I worked with Dave on crafting the school's social media policy, technology integration plan, and philosophy of 21<sup>st</sup> century learning. I found that he not only had strong administrative leadership in establishing school policy, but he also displayed a commitment to building teams. He gave other teachers and me many opportunities to experiment with 21<sup>st</sup> century learning in the classroom and then train other teachers in these skills through professional development workshops. I traveled with him to top educational technology conferences in California and Hong Kong and deeply appreciated his commitment to developing my skills as a teacher and educational leader.

I confidently recommend Dave to join your administrative team. As a dedicated and knowledgeable educational leader, I know that he will be an excellent addition to your school.

Please feel free to contact me at the email address or phone number below should you like to discuss Dave's qualifications further. I'd be happy to expand on my recommendation.

Best wishes,

Curtis Schwisow

Teacher/iPad Integration Coordinator
