To whom this may concern,

It is our privilege to get the opportunity to write this letter of recommendation for Mr. Dave Rehnberg. Our children are in 4th and 2nd grade at Coastal Christian School, where we've been so fortunate to have Mr. Rehnberg be our Principal and Head of School over the past four years.

When Mr. Rehnberg came to our school, we were in dire need of someone with new direction, focus, drive, and perseverance. Our school had a dream which it had been pursuing for decades. A dream that involved expanding and relocating onto a campus of our very own. After just one school year of being our principal, Mr. Rehnberg helped make this dream a reality. He got us onto our new, beautiful campus, and has had a critical impact on the growth and development in our school thus far.

From a parent's perspective, before Mr. Rehnberg came along, our school felt "stuck". It felt as if we were doing the same thing year after year and never advancing. When Mr. Rehnberg became our principal, he changed all that. He brought up to date technology into our classrooms and made it a primary focus for our children and teachers to learn and use. It brought excitement back in the classrooms, making learning and teaching fun and interactive for our students and teachers. To us, it felt like our children were truly getting the best of both worlds; top notch Christian education with the bonus of real world, up to date technology based learning.

As parents who are very involved in our school, it's been our pleasure to volunteer and serve alongside Mr. Rehnberg through numerous school events. He's proven to not only be genuine and honest, but trustworthy and approachable with his open-door policy in which he encouraged every parent to take advantage of. When we needed it, we were always given the time, attention, and communication we were promised.

We've been so fortunate to be on the receiving end of Mr. Rehnberg's hard work for our school. He has truly propelled our school into a direction it had only dreamed of being at before he came around. His love for the Lord shines through his dedication and hard work put in at Coastal Christian. As a parent, we couldn't have asked for a better principal and head of our school. It's without a doubt that he will be a huge asset to the next school that he serves with.

With Gratitude,

Jeff and Jenae Merti
